

Greetings to our prayer partners and contributors,

2020 has leaped into our lives so fast and 2019 went by like a flash. I want to praise God for taking care of our family and mission work through the years. It is truly an honor and privilege to work for the Lord even when we feel so unworthy. I want to thank each of you for your prayers and support over the past year and invite you to continue to get involved in the work of the Lord with us, whether that is on the streets, college campuses, in your prayers, or financial support as God leads you. God makes this mission possible through your prayers & support. Thank you!

Thank you for all who prayed about my surgery. My recovery is going well so far. Please continue to pray for my recovery. As a result of my surgery, and low mission funds, my winter travel plans have changed. Originally it was planned for me to minister at campuses in VA, NC, SC and then campuses and cities across the USA to make my way out to Oklahoma City for street ministry and pro-life ministry. Then I was going to work my way back to PA by mid Feb doing the same. But much of that changed as my surgery has halted my VA, NC, and SC travels. Gabrielle is on part of that leg of my trip right now filling in for me at two churches in Virginia where I had deputation services scheduled in Jan. Unfortunately the campus evangelism will not happen now. It is possible that between 5000-10,000 people I could have encountered will not receive the Gospel now. Oh my heart cries out for mercy for their souls. Please pray for those lost souls that they will hear the Gospel another way!

Because of many delays, the surgery, and Gabrielle having to make my January trip in my place, we have not been able to get a newsletter together yet that reports the details our evangelism efforts since last writing in Dec. It takes approximately a week to compile the pictures from our videos, produce videos, write a newsletter to give a clear and thorough report, and get it all printed and stuffed. We trust to get that detailed news compiled and released in Feb. Please know we have been busy in the work of the Lord, ministering on the streets in PA: Wilkes-Barre, Harrisburg, and even the streets of Mifflinburg at its annual Christkindl Market and doing a lot of office work. I am also grateful for the times off over the last two months and the extra rest.

Gabrielle has been busy getting situated in her new apartment and learning about all the bookkeeping and much of the office work. She also started back to college online at Hobe Sound working towards a bachelor degree in counseling so she can go on towards a masters in social work as God leads. With her degree in missions from UBC, the current and future studies in counselling and Social work she is equipping herself to fulfill God's leading for her life. Please pray for her continued studies and her great amount of work

in our mission work. It is very consuming.

We still have not found a replacement for Ezra and are very short handed. Ezra handled a lot of our newsletter, video, and printing work. We are planning to do a full detailed newsletter in February and it would be very helpful if we had more office help by then.

Spencer is busy finishing his last semester of bible college at UBC. He is doing deputation services around his schooling. The Lord willing, He and I are planning a trip to Salt Lake City to begin looking for his housing, a permanent RV site for me, connect with our contacts in SLC, and do street and campus evangelism.

It is my desire to get back on the road again soon, but that will take the Lord moving on hearts and people responding to the missions continued financial needs. Until then, I'll continue to evangelize locally and do my much needed office work and personal catching up from being away from home so much.

I am trusting the Lord to provide for my future travels. The Lord willing, I have two short trips in February planned, one in March and then a longer trip in the motorhome for April, and June-July. Around all the travels are the administrative planning of these trips, much planning for our new mission start up in Salt Lake City in June, and Pennsylvania evangelism events. Please pray for the continued work we do. People are dying without salvation; only what is done for Christ will last beyond this world.

We are thankful to each of our regular supporters and those who have helped with our End of Year Fund drive. We were able to meet the most critical needs by the end of year, but there are still many travel reimbursements that remain and other expenses that have carried over into 2020. You will find the details of these needs and projects in our Fund Drive Results Letter.

A Servant of the Lord,

Rodney Keister
